# Esence of Flooring

Winflex SPC Vinyl Flooring represents a new generation in the group of PVC flooring. Its unique durable SPC core ensures an up to 3x greater stability of plates and higher resistance to impact. High density and small dimensions indicate that they are very suitable for floor heating. Click design of the tongue enables a simple and quick installation without the necessity for adhesive use.

New Winflex SPC Vinyl Flooring (Stabilo, Rigid, Classic plus & Imperial) offers new, more realistic decoration, which follows global trends in flooring design.

Beauty and durability of the product goes hand in hand with the simplicity of installation.

# Structure

## SPC - Herringbone
